

If you've been waiting for a reason to get your hands on the gangster epic Gangs of Wasseypur, be sure to stay tuned! As it turns out, there's a sequel coming up that will be just as good as the first one. Gangs of Wasseypur 2 will tell an even more intense story that picks up from where Part 1 left off with gang warfare in Uttar Pradesh and hints of the family feud being carried over into old age. The new movie is going to have all your favorite characters from before, plus some new ones thrown in for good measure. The star cast of the first part of the movie is returning for this one, too. The original cast includes Manoj Bajpayee, Nawazuddin Siddiqui, Richa Chadda, Huma Qureshi, Reema Sen and Tigraanshu Dhillia himself. The release date of Gangs Of Wasseypur 2 is set to be February 5th, 2016. Which is still pretty far off! But if you can't wait any longer to get your fix of Part 1's gritty story line, you're in luck! Just pick yourself up a copy of the DVD or Blu-ray! That'll tide you over until February. Or if you'd rather not wait for the DVD/Blu-ray to be released, well... you can also stream it from Netflix. Just follow the link to see if it's available there. Either way, we're pretty excited for this one! It's going to be an intense gangster story full of twists and turns, revenge and violence.
